

A clarification for all riders as there has been much discussion about fuel south of Burns, OR.

After leaving Burns Oregon, the route has you going south on Hwy's 205, 202 & 201.

I just spoke to the gas station in Fields Oregon today ([541-495-2275](tel:541-495-2275)) and they are open for business from 8 am to 6 pm every Monday to Saturday.

On Sundays they are open from 9 am to 5 pm only.

This fuel stop is about 111 miles south of Burns.

They know we're coming and assure me that fuel will not be an issue.

Hope this information helps.
