

Hello Everyone,

We have been diligently working on upgrading the website, specifically the 3FC19 registration form. The software that supports the SCMA website had undergone a developer's revision and when the SCMA website was updated it affected the numerous other software plugins. This has taken some time to repair and make the system functional.

Work is still underway at this time, our expectation is that the system will be fully operational as the clock's second hand turns past midnight tonight. Once it becomes Saturday morning (at 00:00:01) you will be able to register for the 2019 Three Flags Classic (3FC19). If the system is not up and running in time for the announced registrations, an eBlast will be released notifying you of the problem and a new date will be set.

Hotel arrangements for group booking rates and registration processes are still underway. Once the processes are in place, and hotel registrations are viable, that information will be released to you so you can begin booking your Start/Finish motel/hotel reservations.

Thank you for your patience with me and the many volunteers working to arrange this event.

See you on the road once the snow is melted!!

Ride safe.....Ride Long (and Ride Warm)

Gonzo
