

Checkpoint Information

Hello everyone,

This eBlast is being released for Paul Lax, 3FC19 Check Point Director, who is currently in the northeast (Newfoundland) in the middle of his summer cross country ride (my definition).

Paul has been able to identify a location for the Cedar City checkpoint, and I believe he has recruited a team to man it for the two days of operation. Feel free to contact Paul if you have any questions.

Below are the addresses for each of the three checkpoints as well as a short list of hotels in the nearby area. It is easy to find additional hotels in the surrounding area, all you have to do is use google search or google maps.

Gonzo (for Paul Lax)
